Office Notes: _____

WE WELCOME ALL PATIENTS

Our goal is to help you take care of your teeth, smile and mouth at a level that is right for you.

We believe that it is your choice on the level of care that you want in our practice. We will help you thoroughly understand your dental choices so you can make the best decision possible. Your first choice is how you would like us to work with you. Before arriving for your appointment, please consider the following guidelines for your care so that we can best meet your goals:

□ LEVEL 1: URGENT CARE

Patients at this level choose treatment only when they experience a crisis such as pain, swelling or bleeding that requires immediate treatment. Urgent care patients are generally not focused on taking steps to ensure future urgencies do not occur. They come in when they know they have a major problem to deal with and the condition has developed to a point of urgency in order to control pain or save the tooth.

□ LEVEL 2: REMEDIAL CARE

Patients at this level choose treatment for obvious problems such as broken or cracked teeth, cavities, sensitivity, discomfort or concerns that are creating issues in the mouth right now. Remedial care patients are usually not focused on taking steps to prevent new concerns or improve their health over time. They only want to deal with concerns that have already developed into conditions that require treatment to remove existing disease or repair the teeth back to the most basic level of health.

□ LEVEL 3: PROACTIVE CARE

Patients at this level seek treatment for existing concerns just like remedial care patients, but they are also concerned about conditions that may create problems in the near future. These patients generally want to maintain the health of each tooth at a basic level so they also do what they can to prevent new concerns from developing. When treatment is recommended, proactive care patients usually prioritize their treatment to manage their costs but still take care of things soon enough so that known concerns are less likely to develop into major problems.

□ LEVEL 4: COMPLETE DENTISTRY

Complete dentistry patients are concerned about the current conditions in their mouth, the causes of dental disease and their long-term health. They want to know their full treatment options so they can become and remain as healthy as they can be, thereby minimizing their long-term dental costs. These patients often choose a step-by-step master plan focused on restoring their health combined with prevention and regular care to achieve steady long-term dental health and an improved appearance to their smile over time.

□ LEVEL 5: OPTIMAL DENTISTRY

Just like complete dentistry patients, patients at this level are focused on long-term dental health and disease prevention, but they also want their teeth and smile to look great. Patients at this level are interested in treatment options to correct all dental concerns for lifelong optimal function and appearance. For some of these patients, enhancing their appearance with a beautiful new smile is very important.

When you come in for your first appointment, we will review these levels of care with you to help you choose how we should start with you. It is not uncommon for people to begin at one level and progress to higher levels when they are ready. We're here to help you discover what is right for you so your teeth, smile and mouth remain as healthy as they can be for life based on your goals.

We need your
license / I.D. here,
please and thank you.

At **Comprehensive Esthetic Dentistry**, we strive to deliver the very best comprehensive oral health care available in today's ever-changing world. Our treatment exams, recommendations, and services are tailored to your individual needs. It is important for you, the patient, to recognize that treatment recommendations are not determined by insurance coverage. Please initial below indicating that you have understood, acknowledged, and received the following office policies:

Initial

- _____ ① Your new patient exam will be comprehensive. There will be topics discussed that you may be familiar with or you may be hearing for the first time. We will make every attempt necessary to explain the nature of recommended treatments and the purpose for them. In order to do so, a consultation appointment will be scheduled after your initial exam visit to showcase your needs. We may take records that you may not be normally accustomed to. Such records may require a fee that will be disclosed to you in advance. By refusing such records, you must acknowledge that treatment could result in less than ideal outcomes.
- _____ ② I have read, understand, and received a copy of Comprehensive Esthetic Dentistry's **Financial & Insurance Policy** (Circa 2015).
- _____ ③ I have read, understand, and received a copy of Comprehensive Esthetic Dentistry's **Payment Options** (Circa 2019).
- _____ ④ I have read, understand, and received a copy of Comprehensive Esthetic Dentistry's **X-Ray and Records Policy** (Circa 2015).
- _____ ⑤ Privacy Policy: We are providing you with our Notice of Privacy Practices. By initialing on this form you will consent to our use and disclosure of your protected health information to carry out treatment, payment activities, healthcare operation as stated in the policy, and as agreed on the Patient Authorization for Disclosure of Information. Your initials will also indicate acknowledgement of receipt of **Notice of Privacy Practices**.

I AGREE WITH THE ABOVE CONDITIONS.

Common Patient Concerns

Please circle the number next to the statements that concern you or describe your situation.

1. I have not been to the dentist for a long time, and I feel worried about what you will say about my teeth and my oral hygiene.
2. My teeth are very sensitive.
3. Pain relief is top priority for me.
4. I'm very anxious about injections.
5. I feel out of control in the dental chair (or I have an extreme problem with lying down).
6. I gag easily.
7. I hate noise of dental instruments.
8. Please tell me about the treatment options and the ways these can be carried out.
9. I need to know that you will stop when I give a pre-agreed "stop" signal during treatment.
10. It would help me if you could explain to me what you are doing and why.
11. I have health problems that we need to discuss.
12. There are other issues I'd like to talk about that aren't covered on this form.
